Corrigendum

Corrigendum to Design of a structure-based fluorescent biosensor from bioengineered arginine deiminase for rapid determination of L-arginine [International Journal of Biological Macromolecules 165 (2020) 472–482]

Suet-Ying Tam^a, Sai-Fung Chung^a, Yu Wai Chen^a, Yik-Hing So^a, Pui-Kin So^a, Wing-Lam Cheong^b, Kwok-Yin Wong^{a,*}, Yun-Chung Leung^{a,*}^a Department of Applied Biology and Chemical Technology, Lo Ka Chung Research Centre for Natural Anti-Cancer Drug Development and State Key Laboratory of Chemical Biology and Drug Discovery, The Hong Kong Polytechnic University, Hung Hom, Kowloon, Hong Kong, China^b Department of Science, School of Science and Technology, The Open University of Hong Kong, Hong Kong, China

The authors regret the typo error in the amino acid residue to be mutated as cysteine in the mutant 44C, which are Lys⁴⁴ (shown in the “result 3.3 section” and the “discussion section”). It should be Leu⁴⁴→Cys⁴⁴ (not Lys⁴⁴→Cys⁴⁴). Instead of Lys⁴⁴, it should be Leu⁴⁴.

Also, there is a typo error in the figure legend of Fig. S6 in the supplementary material. It should be “Fig. S6. The kinetic profiles of 44C and 44Cf. The results were expressed as means ± S.D.”

The authors would like to apologise for any inconvenience caused.
